## What have I been doing since high school?

After graduating from CHS, I went to work at the Veterans Administration where I worked for 3 years. I then transferred to NASA where I worked during the Apollo 11 mission. I went to Lee College and the University of Houston. I graduated from U of H in Victoria, Texas with a major in Data Processing and a minor in English Grammar. I worked at the Victoria Texas Bank & Trust until I returned to Houston. I then went into the graphics field and have been doing that ever since. I work for an advertising agency in the Galleria specializing in medical recruitment. It is a fast-paced, exciting field to be in.

I had two children. Valerie graduated from CHS in 1989 and James graduated in 1996. Valerie was an EMT for the Channelview Fire Department until she retired on disability 4 years ago. Valerie passed away in August 2007 of an infection at age 37. James lives in Channelview and has three children. My grandson Andrew is 5 and my granddaughter Trinity is 4. I have a new granddaughter born on December 21st of this year. I have them with me almost every other weekend.

I am in the process of buying the house next door to my father so I will be living back in Channelview again after 39 years. Who am I? I am Barbara Beavers.

## Obituary

June 24, 1950 – April 19, 2015 Barbara A. Beavers (Britt) passed away at University General Hospital from (non-alcoholic) cirrhosis of the liver. She was born in Pineville, Louisiana and at the time of her passing was a resident of Pearland, Texas.

Barbara did not want a funeral, instead she wished to be cremated and have a memorial held in her name.

There will be a memorial service for Barbara on May 9, 2015 starting at 11:30 till it is over at David G. Burnet Park, Baytown, Texas. There will be Bar-B-Q and potluck, games, and a balloon release. If interested, come out and enjoy a day with family and friends of Barbra Beavers (Britt).
