What have I been doing since high school?

As mentioned above, I had two children, boy first and then a girl. These children grew up to be very efficient, independent, have great careers and now married and still succeeding. No grandchildren. The Lord hasn't given that to them or us yet.

I've worked for many Oil companies in various positions from Secretary to the President's Assistant have gathered great knowledge and succeeded. My husband, Bob works Marine Construction on bridges, overpasses, loading docks at the ports, etc. all over the Port of Houston, Beaumont, Port Arthur, etc. He graduated from North Shore in 1968 and we've been together for thirty-six years June will be thirty-seven!!

We are very active in our church ministries he as a Worship Minister and me as a Children's Minister. I do try to keep up with all that is going on in Channelview and around that area since my Mom still lives there. We recently moved to Kingwood in 2005 on the golf course and really love it over here it's quite and mellow! I'm in between jobs at this time, but it has taken a little time getting the home front arranged.

I still quilt with the quilters and have received ribbons for my work. Have made over 50 something Children's quilts for various charities and enjoy doing that the most. I enjoy hearing about all the happenings about our classmates and seeing everyone again. Who Am I - I am, Belinda Niemtschk (Clark)
