What have I been doing since high school?

After high school I married Mike Cowden (high school sweetheart). We moved to Santa Ana, California for about nine months where he finished his service in the Marine Corps. We came back to Channelview and had a daughter, Stacey.

Next chapter married again and moved to Alvin where I lived for about twenty-five years. We had a son, Steven. My kids still live in Alvin, both are married and both have beautiful children of their own. I have a granddaughter and a grandson.

Third chapter left Alvin for the sea shore and now have two beautiful little houses on Caney Creek in Sargent, Texas in Matagorda County. I lost my Dad about seven years ago but my Mom is still kicking and can run circles around me and I have the greatest sisters in the world. I work in Houston (and stay next to Mom during the week) but go home every weekend. The people down there are so genuine and friendly and I have met lots of great friends. I hope it never gets too big or commercialized!

My "Cajun" fiancée and my best friend love to salt water fish travel and gamble! I plan on retiring in Sargent SOME DAY! I have been working in the legal field for as long as I can remember and still am. I haven't set the world on fire or done anything spectacular - but I survived, I'm still here and I'm happy. Who am I? I am Carla Peters.
