What have I been doing since high school?

I married someone from Galena Park and we had a daughter while we still lived in Houston. I created an interior design business with a reproduction company and traveled throughout Mexico City, New York, Chicago, and California with this business.

A few years later, I wrote a brief on a case for a lady I knew in the neighborhood, who needed some help at her law office. The lawyers liked it so well; they asked me to come to work with them. (An offer I couldn't refuse.) I have been working for lawyers now for some thirty plus years.

Re-married and had another daughter while we still lived in Houston, then in 1984 we moved to California. Worked as a Legal Coordinator for over eighteen years offices in Southern Cal. Lived close to the Pacific Ocean and loved it!

Family and friends brought me back to Houston. It is great to be back!
Who Am I? I am Charlene Clayton.
