## What have I been doing since high school?

I married not long after graduation, worked various jobs and had two children. Divorced and was single for a quite a while then re-married. When we moved to Brenham we did the country living with horses and cows etc., but sold the farm and moved to town last year. I have 8 grandchildren which I adore. I enjoy this web page and being able to see where and what classmates are doing. I have thoroughly enjoyed getting together with classmates even though some of the time it was sad due to the loss of a classmate. Who am I, well I am Debbie Roberts.
