## What have I been doing since high school?

After graduating CHS I worked as a secretary for a High School Ring Manufacture and then for a Custom Home Builder in the Houston area. I married Guy in 1980 and we were blessed with our first daughter (Jennifer) in 1983. When Jennifer was three, we moved from Houston to Louisiana and owned a couple of small businesses for several years. We again were blessed with our second daughter, (Allie) who was born in 1987. Among other reasons ... and we missed Texas, we decided to move back, but not to the Houston/Channelview area ..... we settled in San Antonio, instead.

A few years later Guy moved to Tennessee. The girls and I stayed in San Antonio and we have been here for the past ten years and I have been a financial assistant for a Christian Fellowship Church, which has a membership of about three thousand.

Jennifer is working as a hostess for a restaurant on the river walk and Allie graduated high school this year. I am a first time grandmother (granny) and I am loving it BIG TIME.

Life is simple and very good here in San Antonio! Who am I? I am Jeannene Bowman.
