What have I been doing since high school?

I was married to my first husband for twenty-five years and had three kids. Stayed home and was a housewife and mother for seventeen years and then returned to work. I got a divorce when after being married twenty-five years and married my current husband, Casey Ray, almost ten years ago. (We won't talk about the partying and stuff I did in between those two husbands). I work for the State of Texas and am the top of my position bracket. I've been here almost twelve years. I have eight grandkids including two step grandchildren and my husband has two grandkids. We buy and sell antiques as a hobby (I guess since it's not profitable lately). Enjoy going to auctions, flea markets and antique shops and enjoy spending time with my grandkids, kids and other family members. I lived in Channelview almost my whole life prior to when we moved to Crosby three years ago. Who am I, I am Sandy Kluth.
